

## Wonder Guide Internship Program

Are you excited about science? Do you enjoy conducting experiments? Are you interested in a career in theater or education? ScienceWorks is famous for delivering high-quality hands-on science experiences to the general public. The Wonder Guide Program is seeking highly-motivated, science-oriented, education-minded students to assist its Programs Staff. Interns can expect to gain hands-on training in public programming, cutting edge education techniques, outreach, and general nonprofit operations. We look forward to working with you!

### **Terms of Internship:**

Interns will serve for a minimum of 20 hours over approximately 10 weeks, with extensions or additional hours possible.

### **Internship Overview:**

You will receive formal training with the Museum Program Manager. You will co-facilitate an activity in the museum. You will receive feedback from the Museum Program Manager.

### **Training (2 hours):**

- Behind the scenes museum tour
- Introduction to science education and content
- Shadow/co-facilitate science concepts during Science Skill Sunday program

### **Practice (32+ hours):**

- Act as lead facilitator in Life Science's Lab during Science Skills Sunday program
- Receive feedback from Museum Program Coordinator
- Volunteer shift options: 11:00am - 1:00pm or 2:00pm - 4:00pm

### **Preferred Qualifications:**

- Currently enrolled as a student
- Enthusiasm for science or education for all ages
- Willing to learn content and practice science concepts
- Ability to commit to a regular schedule
- Flexibility is a must
