Waiver info:

SOCIAL DISTANCING

Students will be separated into cohorts which will be in separate classrooms in the building. Each classroom will be set up to allow for at least 3 feet between students. Additionally, museum staff will do their best to create situations where students can be physically separate. However, we cannot guarantee students will always remain three or more feet apart.

HYGIENE

Students will be asked to wash their hands after activities as well as before and after eating (if applicable). We will also have hand sanitizer available throughout the building and in the classroom spaces. We will practice cleaning of scientific instruments, and other cleaning techniques diligently. Everyone will be responsible for cleaning tasks.

WHAT TO WEAR

All children will wear masks. Please be sure that your child wears comfortable clothing suitable for indoor and outdoor activities. Some program experiments/activities are messy, so please send your child in clothes that are OK to get dirty. Your child should wear sturdy, comfortable shoes. Closed-back sandals are permitted in warm weather but please no flip-flops or heels. Please consider putting sunscreen on your child before coming to ScienceWorks as some activities may take place outdoors.
