

## ScienceWorks Summer Camp 2022 - FAQ

### What do I need to qualify for a Scholarship?

The programs that ScienceWorks recognizes for scholarship eligibility are the following:

- EBT (Food stamps, both in state and out of state programs accepted)
- SNAP
- WIC
- Free or reduced lunches through a local Oregon school district

Don't see your program? At this time we cannot accept programs to qualify for the scholarship. It must be for one of the above programs.

### How do I qualify for a Scholarship?

Please send a picture of acceptance, continuing enrollment or extension of any of the above four programs to [cora@scienceworksmuseum.org](mailto:cora@scienceworksmuseum.org) - please note, whatever information you send along must have a 2022 year reflected on it. It can be a paper letter, a screenshot of a current balance or even a picture of a receipt + an EBT card with a visible date and it must be from 2022.

Need assistance? Please email [cora@scienceworksmuseum.org](mailto:cora@scienceworksmuseum.org) or call Cora directly at 541-708-5266 for assistance WED-SUN 10am to 5pm.

### What is the Scholarship amount?

In the interest of reaching as many people as possible with our scholarship program, we're currently offering ONE scholarship for each family at this time.

The scholarship is a one time use coupon code for \$200 off a camp registration bringing the total cost of camp down to \$125 for members or \$150 for non-members. Additionally there are other promotions that may be available that can reduce this further.

## What other information do you need?

It is extremely helpful and speeds up the scholarship process if you provide the following information:

- The age of your potential camper
- The particular week of camp they are most interested in. [Please check out our selection here.](https://scienceworksmuseum.org/camps/) ( <https://scienceworksmuseum.org/camps/> )

## Did you know? Camp Scholarships enable you to sign up directly for ACCESS memberships for you or your family

ACCESS memberships reduce the cost of camp registrations by \$25 for each!

ACCESS memberships are the exact same as memberships but scholarship and grant funded.

The cost of an ACCESS membership is just \$5 per person in the household. When you email Cora proof of eligibility, please let her know if you'd like an ACCESS membership as well and she will provide you with an online signup process.

Finally, you can always come into the museum WED-SUN 10am to 5pm to do any of the above, just ask the front desk staff for help and we will assist you.

Please note, we will need some proof of enrollment for either camp scholarship or ACCESS membership so please bring paper or a picture reflecting that with you when you visit.
